

Log in your Pycharm Preferences.

If your python interpreter is empty, click the setting to add one. You can add python 3.8

Click ok,

```

import time
from selenium import webdriver
from bs4 import BeautifulSoup

# driver = webdriver.Chrome(ChromeDriverManager().install())
DRIVER_PATH = "/Users/Johnny/Desktop/Chromedriver/chromedriver"
URL = "https://wwwrottentomatoes.com/critics/latest_reviews"

browser = webdriver.Chrome(DRIVER_PATH)
browser.get(URL)

# Give the browser time to load all content.
time.sleep(3)

content = browser.find_elements_by_css_selector(".critics-latest-reviews__data-review .a")
for e in content:
    start = e.get_attribute('innerHTML')

```

The default interactive shell is now zsh.
To update your account to use zsh, please run 'chsh -s /bin/zsh'.

This is not a film trying to show us what the Wild West was really like, but to be a perfect example of what America wanted it to be like.

Even if it does not stray too far from the path of what one might expect from this sort of film, it'll still manage to leave smiles on most faces primarily to John

No Time To Die is an absolute triumph, not just as a thrilling conclusion to Daniel Craig's era of Bond, but as one of the best in the series.

Daniel Craig brought depth to the James Bond character and in his last outing as 007, Craig brings heart to 007 in a satisfying and bittersweet way.

A contender for one of the year's best films, The Power of the Dog is sure to retain its strength come awards season.
